

KMEIA Townsville Chapter Annual General Meeting

Are you interested in promoting musical events in Townsville?

Do you have an interest in community music making? KMEIA Townsville organised the choir for Beethoven's 9th Symphony in 2011, and Bach n Beatles earlier this year. We also often run workshops for teachers and are always looking for new ways to involve the musically minded. You don't need to be musical to be a committee member, there are many roles to play.
